Subject: RE: TCC - EPA reaching out to FD

Thanks Terri.

Do you know if the people at the facility are communicating? It seems easiest if they can work things like this out, rather than have attorneys try to be the go-between for such details.

Subject: TCC - EPA reaching out to FD

The EPA on scene coordinator told Cheryl that the air monitoring equipment is coming but that they need to call fire department. TCC was going to do that at 5:30. Not sure if they can coordinate
